</tr>
<tr>

<td>0.10 to 0.00</td>
</tr>
</tbody>
</table>

Note: The mix of weights approved by the Commission must total to 1

(2) Where the assignment depends critically on the performance of the key staff, the proposal shall be evaluated on the qualifications of the individuals proposed to be appointed using the following criteria:-
(a) General qualifications: General education and training, length of experience, positions held, time with the consulting firm as staff, experience in developing countries etc.

(3) After the technical evaluation is completed the Commission shall inform those Consultants whose proposals did not meet the minimum qualifying mark or were considered non-responsive to the terms of reference and their financial proposals will be returned unopened after completing the selection process. 12 (1) The financial proposals of the pre-qualified Consultants will be opened publicly. The proposed prices shall be read aloud and recorded by minutes of the public opening.

(2) The Secretary will cause a review of the financial proposals to be done. Arithmetical errors will be corrected. The cost will be converted to a single currency using uniform selling (exchange) rates.

(3) The proposal with lowest cost will be given a financial score of 100 and other proposals given financial scores that are inversely proportional to their prices.

e.g. Financial Score of Firm A = 100 x LP/(QP)A

where LP = Lowest Price and

QP = Quoted Price of firm ‘A”

13 (1) The total score shall be obtained by weighting the technical and financial scores and adding them. The weight for the financial score shall be as prescribed by the Commission in each case taking into account the complexity of the assignment and the relative importance of quality. However, the weight will never exceed 0.3 for the financial score in any case.

(2) The Commission may appoint a negotiating committee to enter into both technical and financial negotiations. Financial negotiations can be entered into for any aspect of the financial proposal including the unit rates for staff months, contingency amounts; lump sum reimbursement of travel and living expenses and payment terms.

14 Single source selection shall be used only in exceptional cases where it is appropriate and represents a clear advantage because the tasks represent a natural continuation of previous work carried out by the Consultant, or where a rapid selection is essential, or for very small assignments on individual basis where the fee payable does not exceed Rs.2 lakhs in each case or where only one firm or an individual is qualified or has experience for the assignment

15 (1) Individual Consultants will be employed for assignments for which teams of personnel are not required, no additional outside (home office) professional support is required and where the experience and qualifications of the individual are the paramount requirement

(2) Individual Consultants will be selected on the basis of their qualifications for the assignment. They may be selected on the basis of references or through comparison of qualifications among those expressing interest in the assignment or approached directly by the Commission. Capability will be judged on the basis of academic background, experience and as appropriate - knowledge of local conditions, administrative system and government organization.

16 Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients or that may place them in a position of not being able to carry out the assignments objectively and impartially.

17 Nothing in these provisions shall bar the Commission from adopting a procedure which is at variance with any of the provisions of these Regulations, if the Commission, in view of the special circumstances of the matter or class of matters and for reasons to be recorded in writing, deems it necessary or expedient to depart from the procedure prescribed in the regulations.

18 The Commission may at any time and on such terms as it may think fit amend any provisions of these Regulations for the purpose of meeting the objectives with which these Regulations have been framed.

19 If any difficulty arises in giving effect to any of the provisions of these Regulations the Commission may, by general or special order, do anything not being inconsistent with the provisions of the Act which appears to it to be necessary or expedient for the purpose of removing the difficulties.
